EXPAT STUDENT, SPECIAL INSURANCE FOR LONG-TERM INTERNATIONAL STUDIES!

You've decided to leave your home country for an international study experience. Entrance exams and language proficiency tests, funding, accommodation, visas, plane tickets... there's already a long list of things to organise, but it is worth taking a close look at your international insurance before setting off.

HEALTHCARE PITFALLS TO BE AVOIDED

- 1 If you leave your country of origin to study abroad for more than a year, you will no longer be covered by Social Security or your private health insurance.
- 2 The cover provided with your bank card only lasts for a maximum stay of 3 months so won't be sufficient.
- 3 Depending on which country you're going to, local health insurance can be very expensive and won't always offer full reimbursement of any costs you have to pay.

THE SOLUTION: COMPREHENSIVE COVER TO PROTECT YOU IF SOMETHING GOES WRONG DURING YOUR STAY ABROAD

Faced with routine or unexpected healthcare costs?

Expatriate Student covers your healthcare costs from the 1st euro you spend with a very generous upper limit (€1,000,000 per insurance year) and a number of additional services including the direct payment of hospital charges: you have nothing to pay to the hospital, we'll take care of it for you!

Need assistance during your time abroad?

APRIL International will organise your medical repatriation at any time of the day or night to your home or to the most suitable hospital. We'll also cover the transport and accommodation costs of a friend or relative coming to visit you if you're admitted to hospital.

Need to repeat a year due to medical or family problems?

APRIL International will pay you an amount to allow you to continue your studies without it impacting too heavily your budget.
